Under the existing arrangement with the Government of Madras, the posts of the House Surgeons both in the Bowring and Lady Curzon Hospitals are borne on the cadre of the Civil Assistant Surgeons of the Madras Presidency, and are held by officers of the Madras Medical Service or Military Assistant Surgeons lent to Madras Government by the Military Department, the selection being made by the Surgeon General with the Government of Madras.

Mr. C.W. Bamford, the present House Surgeon, Lady Curzon Hospital, is a Military Assistant Surgeon lent to the Madras Government by the Military Department. With the sanction of the Government of India, the Governme of Madras have decided to revert among other Military Assistant Surgeons, Mr. Bamford also to Military Departmen It may be mentioned that before the Government of Madras decided to revert Mr. Bamford, this Administration could have been consulted as his services are for the present placed at the disposal of the Resident.

Page 1 of P.n.c

3

n The Residency Surgeon is anxious to retain the services of Mr. Bamford until such time as the situation with regard to Retrocession is clarified. He has therefore informed the Surgeon General with the Govt. of Madras that the preposed relief of Mr. Bamford may be postponed pending the application of this Administration to the Military Authorities for the continued loan of his services.

Page 3 of P.n.c

4

So long as our arrangement with the Government of Madras is in force, it may not be quite correct for us to apply directly to the Government of India for the continued loan of Mr. Bamford's services. This will clash with our arrangement with the Government of Madras. If approved, we may ask the Government of Madras to

select another officer for reversion to Military Department in place of Mr. Bamford as his replacement in the Lady Curzon Hospital at the present time is not desirable. We may also tell them that if they consider it necessary, this Residency will apply for the sanction of the Defence Dept. through the Political Department for the retention of the services of Mr. Bamford on the Madras cadre for his continued employment in the Lady Curzon Hospital, Bangalore.

If the Govt. of India agree to our retaining the services of Mr. Bamford in the Lady Curzon Hospital, the Govt. of Madras propose to remove him from their Provincial Cadre. It is not clear from the Madras Government's letter whether this means that they will not lend us an I.M.D. Officer from their Cadre when

Mr. Bamford finally reverts to the Military Department. As however we will normally retain Mr. Bamford until retrocession, we need not go into this question at present

Will Residency Surgeon please see the draft below. The Residency Surgeon is asked to choose between

(1) retention of Mr. Bamford, which means that Madras will not lend officers for these posts in future.

(2) obtaining another I.M.D. Officer from Madras in place of Mr.Bamford who will then revert to military.

8

I see no point in bringing in the retrocession question unnecessarily. Under the medical provisions in the retrocession agreement, officers acting in these posts on retrocession may be retained in service after retrocession until they finish their appointment.
